

In response to increasing demand and asks, we are very excited to share the news that we have started our exclusive beginners classes on Mondays at the Kings Centre in Chessington. The club for strictly beginners and under 18s - catered for those who have no to very little experience in playing chess.

Our classes are every Monday at the Kings Centre from 6.45pm.

There is a cafe in the centre for parents to wait and grab a bite to eat/drink etc so they are very welcome to stay around so we think it's a good environment for the children to come to.

Classes will be taught by myself - and we have at least 3 assistant coaches to help as the club looks to grow over time.

It must be noted - we are very appreciative of the ongoing support of our neighbours (and rivals!) Epsom Chess Club who have helped show us the ropes from day 1 and in giving guidance to help us get our club to the fantastic standard it is in today within such a short timeframe (with minimal funding).
